

The diagram illustrates a label layout with several key areas and boundaries. A central white oval is surrounded by a blue line representing the 'EDGE OF LABEL'. This is followed by a pink line, which defines the 'BLEED AREA'. The text 'KEEP IMPORTANT ART ELEMENTS INSIDE PINK LINES' is placed between the pink lines on the right side. A green line is also shown, indicating the 'BLEED AREA - EXTEND ART AT LEAST TO GREEN LINES'. The entire layout is enclosed in a green border.
