Shell Colors Currently Available for Cassette Duplication

NOTE: These shells are TABS-OUT to protect the recorded program from accidental over-recording or erasure.

Contact us to for a sample if you need to be sure of the exact color of a shell. Appearance of this document may vary due to screen and printer differences, and colors of shells and small details (such as liners or leaders) may change even within a manufacturing run of shells. Availability cannot be guaranteed.

Green Tint MB-4422
(SONIC)

Recom'd Inks: White, Silver, Gold

Cassette shell colors change periodically and availability is determined by supply. Refer to the Ink Color Chart to see the selection of available imprint colors.

PLEASE NOTE: Most ink colors are translucent and the resulting image color may appear as a mix of the ink color and the shell color. Black, white and the metallic inks are the best to use on dark or colored shells.
